May 2011

DIDN'T WE DO WELL!

WE'RE simply the best at style jumping! Having won the national championships (again) last year, our Mercian riders showed on May 2 they can do just as well as area teams by coming first and third team in the 2'3" with 1st to 4th individuals as well, then our 2'9" team came third and we had 1st individual in that too.

We also won the 2'3" showjumping and had individual first and 3rd and one of our 2'9" showjumping teams was 5th - sadly the others did not have a team score due to withdrawals and eliminations in teams of three.

But a great day for W&DRC and a great start to this year's Mercian League - full results overleaf.

And at area our eventers also did us proud with our novice team first plus individual 1st and 2nd, our open team fourth with individual 2nd and our novice pairs first and second!

The next major event is area show and style jumping next weekend - where we are fielding nine teams at Malvern. As reigning national champions we're hoping for a win again at area so if you're not riding, do come along and support.

Events and championships

THE Jan Gilbert Training Day in March, when we hired Gracelands for the day and provided excellent trainers free of charge to all comers, was a massive success thanks to Leanne and her organising team. It also raised money for Macmillan Cancer Support thanks to the generosity of members who donated their booking fee. It was only possible to stage it free due to the club's fundraising - the two major events each year being the Open Show and the Mercian One Day Event.

When you join the club, we ask every member to commit to helping at something for at least half a day a year.

That help is now needed for both events

The money we raise pays to subsidise training and to ensure those who qualify for the national championships **and have provided at least half a day's help** have their entry fees and stabling subsidised by the club so the expense does not prevent them from going.

If you have not yet volunteered for your stint please contact Sarah Lovatt if you can help on August 21st and Alison Harris if you can help on August 6th or 7th. Those who volunteer first get a better choice of job! And those who do a full day also get free entry to a class at either the open show or a members show.

WELCOME & WEBSITE

**A warm welcome to our new members
- a record for this time of year - we look forward to getting to know you all.**

Please keep an eye on our new website which has plenty of room for more of your photos. You can pay for things by PayPal, check results, look for competitions and it's updated regularly so is a great way to see what's going on. Mercian and area rules, plus a vaccination checker and a link to our Facebook page are also on there.

BRC also has an official Facebook page with up to date HQ news and albums from the 2010 championships where members can tag themselves.

MAY TRAINING DAY

ONCE again Leanne organised a superb day with flatwork, gridwork, style jumping, show-jumping and cross country tuition available to members and guests and a special thank you must go to Becky Symonds who allowed us to use her private manege so we could fit everyone in doing what they wanted.

Bryony Wilson is proving a real hit with members and at this event ran the cross country training.

Tom Webb's gridwork sessions were equally popular and Glen Gibbons and Donn Collins were also kept busy!

Please keep an eye on the website for details of future training.

A gem from the BD Forum.....

Dear Mr Hester, kindly lend an ear

*I've got a hat, I've got a horse, but I think I need more gear
I need to find some quiet soft hands, the type that work in pairs
I tried my local tack shop, but all I got were stares
I'd like an independent seat, the sort that works as one
The kind that stops me falling off or rocking on my bum
I asked a friendly trainer, who said they were quite rare
But I saw the Kur on TV, and they all had one on there*

Dear Mr Hester, can't you give a clue?

*I promise not to blurt it out, and will only tell a few
Where to get some straight leg socks which stop the calves from swinging
And stop the toes from sticking out (which always looks quite minging)*

*A lovely set of piaffe boots to help my ned to dance
We tried it once without them, but we never stood a chance
A horseshoe whizzed right past my ear and shot out of the door
I got my sports all muddled up, and started yelling "fore"*

So please Mr Hester, I really need to know

*Where to get this useful stuff, to help my dressage grow
Some throughness gloves, engagement spurs, some cadence reins (with bling)*

*A rhythm whip, a half-pass girth, a 'tastic 'lastic thing
Some shiny boots with sparkles on, to catch the judge's eye
To make them look the other way (it's always worth a try)
I'm told that training has its place, but I'm not sure that's much cop
I tried it once, and realised then, I simply want to SHOP!*

MASSAGE THERAPY

Equissage therapy: contact Vicki Hancox: 07903 437622.
